## Work experience

### ● FullStack Engineer

Since September 2022 PCFutures Ipswich, England  
I worked part time with PCFutures as a FullStack Engineer.

### ● Lead Full stack engineer

From September 2019 to August 2022  
Aartec Ltd London based startup ( I was working remotely in their Peshawar, Pakistan office)  
I was working with Aartec Ltd as a teach lead and full stack engineer. I was managing 12 developers back-end developers, front-end developers, DevOps guys etc. I worked there for 3 years.

### ● Fiull stack web developer

Since May 2018 Xtendum services Huzaifa center ,2nd floor ,i-8 Marakaz ,Islamabad  
I was working as a full stack web developer at Xtendum services Pvt Ltd ,which is operated by a Swiss boss and our clients mostly are from Switzerland and Germany .  
The technologies we are currently working are React Js, Vuejs as a front end that consume the laravel backend APIs .

### ● Laravel developer

From June 2015 to May 2018 Mindgigs Pakistan Ltd Peshawar  
I had worked in MIndgigs pakistan as a full stack web developer .  
In Mindgigs we worked from the small ecommerce type app to the complex apps .  
The technologies we used there were Laravel as a backend.  
For front end we used the JQuery ,bootstrap .  
We also developed there some apps where front end was built with Vuejs as an API.
